

# 2017 YEAR-END APPEAL

With 11+ years of service and 100+ students served, we are continuing to build the confidence and character of committed, under-served youth through squash, education, and mentorship.

**“HELPING STUDENTS SUCCEED IN LIFE THROUGH SQUASH AND EDUCATION”**

**DAVID QUINTERO** is in his second year at Bates College, Maine, on a full scholarship and playing on the squash team. He's living his dream! Now 19 years-old, David has been in the SBSOS program for almost eleven years and always visits us when he is back home on breaks. With support from SBSOS, he grew from being an at-risk youngster with poor school grades to a straight-A student at San Marcos High School. He became a nationally ranked squash player in his age group and a tremendous role model to other students. David is a polite, intelligent, and friendly young man whose future is looking great - we can't wait to see where it takes him!

**CHRISTIAN HERNANDEZ** has been in the SBSOS program for three years and is a freshman in high school. With the help of SBSOS this is his first year on a full scholarship to Garden Street Academy, where we also have two other students. Always smiling, Christian has wonderful character and personality. He speaks well with adults and his peers alike, and works hard on his schoolwork and at his squash. With your help, Christian will successfully make it through high school, go on to college, and complete one of his dreams - to run his own business!

**WITH YOUR SUPPORT, CHRISTIAN COULD FOLLOW IN DAVID'S FOOTSTEPS!**

**ZAIRA PAREDES** is 18 years-old and has been a part of SBSOS for five years. She is a shining star - incredibly respectful, responsible, intelligent, and a talented squash player. She traveled across the country with SBSOS for squash and educational experiences and was on the Santa Barbara team at the SoCal High School League Championships. She graduated with honors from Laguna Blanca (a local private school where SBSOS negotiated a full scholarship for her) this year, and is now pursuing an education in production design at University of Southern California.

**JADE SILVA** is a seventh grader at Carpinteria Middle School. She has been a part of SBSOS for four years and is the Team B captain. She has an infectious personality filled with spunk and kindness. She is responsible and smart, and aims

to earn a scholarship to a private high school. With straight A's, extra-curricular activities, and dedication to squash, Jade is well on her way to a successful future. Her dream is to be a designer or lawyer, and with your help, we have no doubts that she will achieve this!

**WITH YOUR SUPPORT, JADE COULD FOLLOW IN ZAIRA'S FOOTSTEPS!**
